

Active Lives Children and Young People

Teacher Questionnaire Summary 2022-23

Introduction

This document has been created to summarise the content of the Active Lives Children and Young People questionnaire for teachers. Only one teacher per school needs to complete the questionnaire.

The teacher survey provides context for pupils' responses and reduces the need to ask children questions that can be answered once by a teacher, e.g. questions that are common to the school.

Responses from the teacher survey are also used in the school report so if it is not completed there will be missing information in the school report. It is therefore also important that the teachers enter the correct URN to make sure that their responses are associated with the right school.

Additional information is highlighted in *blue italic text*.

Homepage

On entering the URL, teachers will see the following screen.

They should select 'Next' to continue.

We are doing a survey with pupils in your school about participation in leisure and recreational activities (including sport and physical activity). It is being conducted on behalf of Sport England, the Department for Education, the Department of Health and Social Care and the Department for Digital, Culture, Media and Sport by Ipsos, an independent social research organisation. We would like to ask you a few questions about opportunities for sport and exercise at the school to supplement the information we have collected from pupils and provide the school context for the pupil responses.

Please answer the questions for the situation as it is in the 2022/23 academic year.

You can access the information about the survey on the [Sport England website](#). If you would like to start the survey click next.

A blue rectangular button with the word "Next" written in white text.

Teachers can access the survey at a later date using the URN provided.

Teachers will see the following screen.

Please enter your school's **unique reference number (URN)** which was provided by your Active Partnership along with the link to this questionnaire.
